Over 5,000 Men Served at Miracle Fish Dinner

Over 5,000 men were given bread and fish at the largest free dinner ever served.

At 6pm on Saturday, June 19th, a man named Jesus fed a large crowd with five loaves of bread and two fish. Those who were present say it was nothing short of a miracle.

“The disciples went through the crowd asking if anyone had food to share,” said one gentleman. “My son hadn’t eaten all day, but gladly gave his two fish.”

“All we had to offer was bread,” another man said.

The disciples gathered only five loaves and two fish. They complained to Jesus that this was not enough to feed such a large crowd. Jesus asked God to bless the loaves and the fish. After the prayer, he asked the disciples to pass out food to the crowd. Five thousand men, plus women and children were fed.

Matthew, one of Jesus’s disciples, had this to say, “Everyone ate until they were full. When we gathered what was left, there were 12 baskets of

fish! We started with only two loaves and five fish. How was there so much? Jesus performed a miracle right before our eyes!”

According to the Bible, this is the largest crowd ever fed from such a small meal.
